### About Our Soup

All of our soups are made in-house, using fresh natural ingredients. Every day we have four or more house-made soups: seasonal soups, cold fruit and vegetable soups in the warmer months, and hearty soups to warm you up in during the colder months.

### About Our Chili

We make our own chili, and we make lots of it! We have three house-made chilies on the menu every day: a beef chili, a vegetable chili and a chili of the moment. Our method allows our spices to be fully absorbed into the ingredients and become a part of our chili. Topped with tortilla chips, cheddar cheese and scallions.
